

Way Accessories

Installation accessories for the
Way Base, Keypad and QR readers

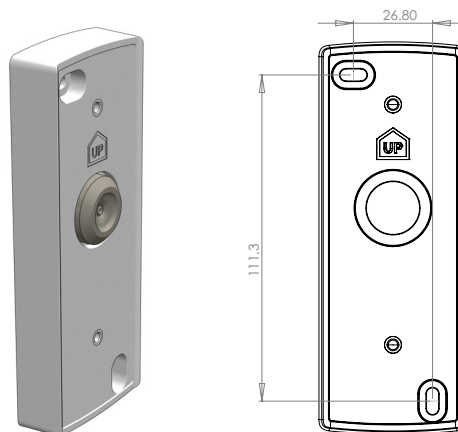

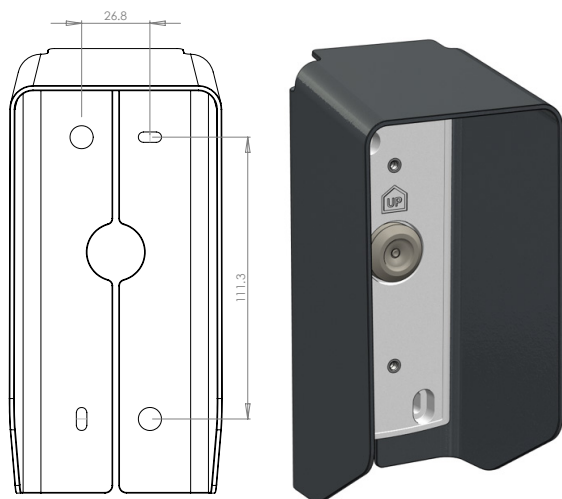

Accessories:

- ✓ Way Spacer
- ✓ Way Protection hood
- ✓ Way Cover plate

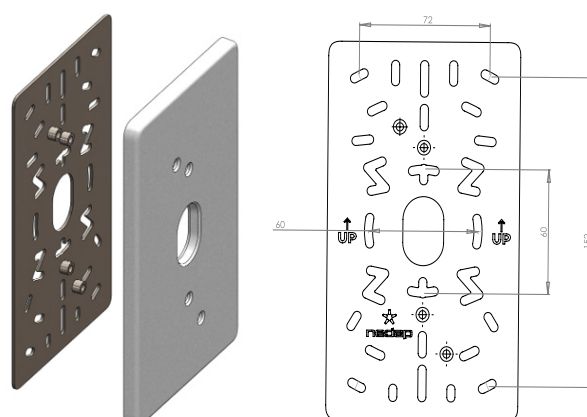

Way Spacer

The spacer can be used as a cable buffer to insert the cable from the top or bottom if the cable runs across the wall surface. In addition, the spacer has an integrated cable gland that ensures a water-tight sealing when installed outdoors on a porous or uneven surface (like wood or brickwork).

Way Protection hood

The protection hood provides additional impact protection (IK 10 rating) and reduces direct exposure to harsh weather conditions in demanding outdoor environments. For the Way Keypad, it also serves as a privacy shield against shoulder surfing. The protection hood should be mounted behind the spacer (spacer included).

Way Cover plate

The cover plate can be used to cover EU/UK wall boxes or larger reader footprints for re-use of drill holes and a neat finish. It is the ideal conversion companion that will reduce installation time and makes paintwork unnecessary.

Technical specifications	Way Spacer
Part number	9229212 Way Spacer
Dimensions	50 x 134 x 18 mm (2 x 5.3 x 0.7 inch), screw holes 4.1mm
Color	RAL9006
Material	UL PC+ASA / rubber cable gland / brass inserts
Weight	52 gr
Compatible readers	Way Base Way Keypad Way QR

Technical specifications	Way Protection hood
Part number	9234918 Way Protection hood (spacer included)
Dimensions	83 x 175 x 74 mm (3.3 x 7 x 2.9 inch), screw holes 4.1mm
Color	RAL7016
Material	Magnelis® steel - coated
Weight	637gr (585gr excl Spacer)
Impact resistance	IK10
Compatible readers	Way Base Way Keypad Way QR

Technical specifications	Way Cover plate
Part number	9234896 Way Cover plate
Dimensions	192 x 112 x 8 mm (7.5 x 4.4 x 0.3 inch), screw holes 4.5mm
Color	RAL9006
Material	Magnelis® steel (Mounting plate) / UL PC+ASA (Cover)
Weight	271 gr
Drill hole conversion	Wallboxes: EU, UK, DE, CH Readers: Convexs, Invexs 170, Invexs 190
Compatible readers	Way Base Way Keypad Way QR
Document version number	1.0
